

Fabricio Cunha

Web Developer

CAREER OBJECTIVES

As a React Frontend Developer, my goal is to leverage my expertise in building dynamic and responsive user interfaces to create immersive and engaging web applications. I aim to contribute my technical skills and creative mindset to collaborate with a talented team and deliver high-quality software solutions that meet the needs of users and clients. I am passionate about staying up-to-date with the latest trends and best practices in frontend development, and I am committed to continuous learning and improvement. Through my dedication and attention to detail, I strive to provide intuitive and seamless user experiences while adhering to industry standards and coding principles. By joining a forward-thinking organization, I aim to make a meaningful impact and play a vital role in crafting cutting-edge applications that drive innovation and exceed user expectations.

WORK EXPERIENCE

FREELANCER WEB DEVELOPER

2020-2021

- Make the website perform better, be more efficient, and provide a better experience for users.
- Converting designs to pixel-perfect, neat, and responsive websites compatible with any screen size on any device.
- Developing custom websites allows them to remain unique, scalable and function as required.
- Using best practices, evolving my skills to better suit the position, and contributing to the team.

FRONTEND DEVELOPER AT SPRING

2021-2023

- Working in an Agile environment, I actively participated in daily stand-ups, sprint planning, and retrospectives, effectively managing my tasks and meeting project deadlines. I also played a crucial role in conducting code reviews, ensuring code quality, scalability, and adherence to best practices.
- Collaborated closely with cross-functional teams, including designers, backend developers, and product managers, to translate business requirements into visually appealing and functional user interfaces.
- My experience at Spring has not only sharpened my technical skills but has also honed my ability to work collaboratively in a fast-paced and dynamic environment. I developed excellent communication skills and the ability to articulate technical concepts to both technical and non-technical stakeholders.
- Overall, my experience at Spring has solidified my passion for frontend development and provided me with valuable insights into creating outstanding user experiences. I am now eager to bring my skills, dedication, and expertise to a new challenge, where I can contribute to the success of an organization by leveraging my experience and constantly pushing the boundaries of frontend development.
